INVITATION FOR THE RENEWABLE ENERGY CONFERENCE, 2024 (REC24) & EXPO

This is to invite you to participate in the Renewable Energy Conference, 2024 & Expo which is planned to take place from **31st October to 2nd November, 2024** at **Speke Resort Hotel, Munyonyo**.

The theme for REC24 & Expo is ***"Transforming Livelihoods Through Clean Energy Access."***

A number of events including high level panel discussions, research and academic presentations, clean energy demonstrations, competitions and expos have been planned and will mainly focus on scientific, technical, and organizational innovations so as to generate policy recommendations for sustainable and inclusive energy generation, transmission, and distribution.

It is anticipated that the conference will generate a number of policy recommendations, partnerships for improving clean energy access, collaborations to support just energy transition pathways, and increased supply and demand side financing for uptake of clean energy products.

The purpose of this memo therefore, is to invite you to participate in the REC24 & Expo through, presentations, panel discussions and side events.

Brian E. Isabirye (PhD)
